## FOREIGN LANGUAGES WEEK

From 25<sup>th</sup> to 29<sup>th</sup> September we had a very special week in our school. Each day, we had a different event centered around foreign languages.

It was called the **Foreign Languages Week**.

On the first day, we had **Karaoke** on the fourth lesson. It was for the students in grades 5-6. Some of the songs were:

- Diamonds*, by Rihanna,
- Solo*, by Blanka,
- Snap out of it*, by Arctic Monkeys,
- Riptide*, by Vance Joy.

Everyone in the audience did their best to sing the songs.

On **Tuesday**, there was the **Mini Playback Show**. It was for students in grades 1-4. The people performing had to pretend they were singing the song they chose. Some of the students even danced during their performance!

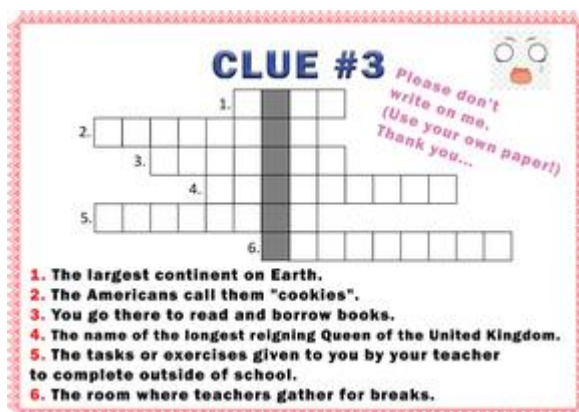

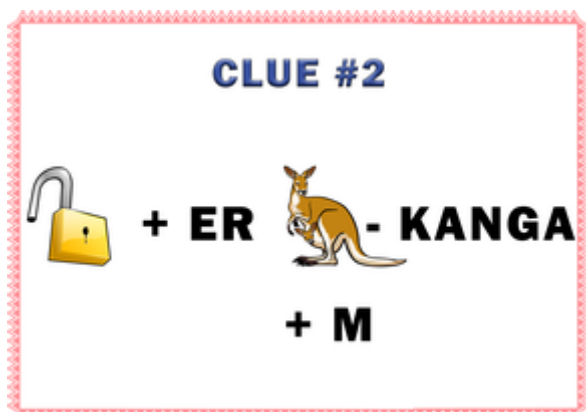

On **Thursday**, we had an **Escape Room**. Anyone could participate!

There were many pages hanged on boards across the school.

The pages had QR codes on them, and you could scan them for clues.  
The last page and the end of the escape room was in class 120A.

On **Friday**, the **'Play with English!'** event took place. It was for students in grades 7-8. The participants had to complete different tasks to score.

First, there was a test: a phrase like "How are you?" was in 8 different languages, and the groups had to write which languages they were in.

Then, Twisters. Each group had to pick a balloon and pop it to get a sentence. Then, they also had to choose someone to say the sentence. It wasn't easy to say, since they were tongue twisters! All the classes managed to do it.

In the next task, the students had to match an outline of a country's borders to its name.

For the last task, each group had to match a picture of a well-known place to its name. There were a few options to pick from, and they had to choose the correct one.

Class 7A won the event!

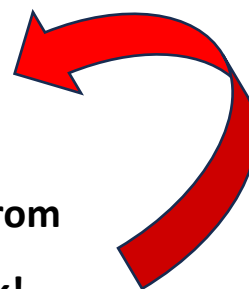

On Friday, there were also Kahoot quizzes taking place in the school hall at recess! The questions were displayed on a projector screen, so a lot of people gathered around it.

I had a lot of fun during this week, and it seemed like everyone else had a lot of fun, too! I hope there will be more fun weeks and events like this in the future.

*My friend is tall and slim.* ODNIESIENIE I ROZWINIĘCIE + +

## Technology Blog

Two weeks ago I bought a new phone. The battery is good, the camera too. In this phone there's a high-speed Internet. The phone has got a USB cable too. It cost £420. But one day the phone started crashing. It didn't want to charge the battery. I tried with other USB cable, but it didn't work. Then, I decided to go to the shop to solve the problem. I thought the phone would never charge the battery, but it was repaired. Now I can do it with no problems. The phone doesn't crash after repairing it.

I bought a new phone 1 year ago. It was a medium phone with USB port. It costs 1000 £. <sup>++</sup>  
I really loved it, because it had really good graphic <sup>odn + rozl</sup> and the big touch screen.

But one day, while I was talking with my friend he couldn't hear me, because the speaker in my phone didn't work. I decided to replace <sup>++</sup> it with another one, because it wasn't possible to <sup>odn + rozl</sup> repair it.

In the end they gave me the new phone with the working speaker. I've had it for one week <sup>++</sup> and everything is okay. Everything works correctly <sup>odn + rozl</sup> and I don't have any problems with my phone.  
Fingers crossed.

## TECHNOLOGY BLOG

I bought a new phone a month ago. It was really thin and light. It was quite cheap - I bought it for only £150, but the seller told me it's very reliable. Well, I guess it was a lie. One day, I was texting someone when suddenly the phone crashed! I have no idea what happened, but it just stopped working. It had one-year guarantee, so the next day, I went to the shop to return it. I told them what happened and I got a refund. I went to the other technology shop and saw that the newest model of the phone was on a sale! What a bargain! I bought it immediately! I've used it for some time now, and I haven't noticed any issues yet. Fingers crossed!

Hello

Last week I bought the phone. It was very fast and small. On Monday my brother threw it in to the wall and it doesn't work. Yesterday I had my phone repaired. In the morning they gave me the new phone, because the last one is too damaged. I'm very happy. This phone is amazing and beautiful. In my opinion it's the best phone in the world. That's all for now.  
See you soon.

## AROUND THE WORLD

# Thanksgiving Day

**Thanksgiving** - a holiday celebrated in the United States on the fourth Thursday of November, and in Canada on the second Monday of October, as a commemoration of the first harvest festival of the inhabitants of the Plymouth Colony in 1621. It was then that the refugees from England were to organize a dinner to thank God for surviving this difficult journey and for the abundant harvest. Thanksgiving Day was declared a national holiday by President Abraham Lincoln in 1863, and the specific date was set by Franklin Delano Roosevelt. Today is one of the most important day in every American's calendar.

- Americans eat approximately 46 million turkeys during Thanksgiving
- Up to 95% of Americans celebrate the holiday Thanksgiving, and 88% serve the famous turkey during family dinner
- After dinner, most Americans sit down as a family to watch an American football match

If you want to feel the magic of Thanksgiving, watch the following videos:

- Rodzinne Święto Dziękczynienia (*A Family Thanksgiving*)
- Staromodne Święto Dziękczynienia (*An Old Fashioned Thanksgiving*)

## Thanksgiving dishes

Traditional dishes are prepared for Thanksgiving. In addition to the stuffed turkey, cranberry and roast sauce cannot be missing on the holiday table. Lunch is usually served with mashed potatoes (whipped with milk and butter), corn and cornbread. The additions may include green beans or sweet potato.

For dessert, pumpkin pie or pecan pie is served. Apple pie is also often served, necessarily accompanied by apple cider.
